

Opening At Last— June 5th at Noon!

In our May newsletter, we indicated that the pool would open two weeks after Memorial Day. However, Mother Nature finally cooperated so that the landscape installation inside the pool could be completed this week, and we are pleased to announce that the pool will open a few days ahead of the last schedule given to you. The Board appreciates how patiently you have waited for this opening. So put on your bathing suits and cool off on these warm spring days with a “splash” in the new Arboretum pools.

We will open the pools at NOON on June 5th! You can plan on cooling off on these warm spring days with a “splash” in the new Arboretum pools.

For those of you who have not submitted a pool access card application, we are enclosing another form for your use. Please return the enclosed access card application ASAP so that

we have the necessary information in order to issue pool access cards. You may either fax the form to the management company or drop it off at your nearest Copperleaf sales office.

We will distribute access cards at the pool on Thursday at noon and on Saturday between 10 a.m. and 5 p.m.

Starting on June 6th, the pools will be available for resident use between 10 AM and 8 PM. A copy of the pool rules is available on the web site (www.copperleafhoa.org) in the “Policies” section.

OPENING JUNE 5th AT NOON!—The Arboretum (artist's rendering)

So put on your bathing suits, bring your sunscreen, and get ready to have a “splashingly good time” at The Arboretum!

Swim Lessons, Anyone?

The pool and lifeguard company will be offering both group and private swim lessons to interested residents. Group Swim Lesson registration will begin at the pool on opening day for Pre-Beginner and Beginning swim lessons. If there is enough resident interest, two-week sessions, Monday through Thursday, will be offered beginning Monday, June 16th at a cost of \$35.00 per student. Please see one of the pool managers to enroll. Private swim lessons will be available also. The pool company will have handouts and charts available for parents to help determine appropriate class placement.
