

The Copper Leaf

ARBORETUM UPDATE

Many changes have occurred at Copperleaf this summer and more are on the way this Fall. Thanks to the wonderful residents at Copperleaf, we had a fun-filled summer at the pool and we are looking forward to an even better summer season next year! Your kind comments and courtesy were appreciated by the life-guards.

The Sports Court (hockey and basketball) is nearing completion in the next few weeks. Bring your in-line skates, shoot some hoops and check it out!

Over the next few weeks, you may notice lots of activity at The Arboretum. Contractors will be doing warranty work, including replacement of trees/shrubs, cracked curb and gutter, as well as replacing most of the pool deck. All of this work is expected to be com-

pleted by late October. The developer has been pleased with the response of Saunders Construction Company, Inc. to facilitate the needed repairs.

Because of the construction activity at The Arboretum, the clubhouse will not be available for rental during this time. Rental rates and applications and facility regulations are available on the Association's web site: www.copperleafhoa.org.

You may have also noticed that two projects are being started by East Cherry Creek Valley Water & Sanitation District (ECCV). The first is the upgrade to the Belleview Detention Pond Spillway located just west of the Capital Pacific Homes models. The second ECCV project is the long-anticipated Picadilly Detention Pond and Water Quality Facility located just north of the power lines on S. Picadilly Street.
